

Spanish Summer Camps in Spain

2013

Fun Time in Spain
Better Spanish with Fun

As most language teachers recommend once the basics are familiar, nothing beats immersion in order to gain command and fluency in the foreign language. Besides, the summer holidays are an inviting opportunity to get something educative and useful out of our kid's leisure time.

Therefore are the summer camps so popular, as they teach many good values in a fun way: sociability, teamwork and responsibility, just to mention some

Why not take advantage of both, immersion and summer youth camps, to help the children amazingly improve their fluency in Spanish?

Improve your kid's Spanish with lots of fun.

Fun Time in Spain is a company specialised in short and fun immersions in Spanish-speaking atmospheres.

We offer the "Youth Program", a selection of summer youth camps in Spain. With personal follow-up on the improvements in the Spanish.
