

PROGRAMA JUVENIL

As most language teachers recommend once the basics are familiar, nothing beats immersion in order to gain command and fluency in the foreign language.

Besides, the summer holidays are an inviting opportunity to get something educative and useful out of our kid´s leisure time. Therefore are the summer camps so popular, as they teach many good values in a fun way: sociability, teamwork and responsibility, just to mention some.

Why not take advantage of both, immersion and summer youth camps, to help the children amazingly improve their fluency in Spanish?

Fun Time in Spain, a company specialised in short and fun immersions in Spanish-speaking atmospheres, offers the **“Programa Juvenil”**, **several selected summer youth camps in Spain.** With personal follow-up on the improvements in the Spanish.

Sotogrande 2009 - Youth Summer Camp *(ages 10 to 15)*

In Pelayo, between Algeciras and Tarifa, in the south side of the nature Park of "Los Alcornocales"
